CSRVIII Coaches:

Re: Warm-up Times

I have enclosed a card for your interest as to warm-up times for the meet in July.

Be aware, that I will take the list of team placements from last year's meet and interface your requests into the schedule.

Since the CSRVIII meeting is at 7 P.M. on Tuesday July 20, and to save time since the General Meeting is at the same time; I will have a warm-up schedule made out ahead of time.

Please return your request to me by July 9th.

Thanks!

**Sincerely,
HE**

**Hank Enterline, Chair.
CSRVIII**

July 16, 2010

Postscript to Letter of June 26, 2010:

To Whom It May Concern:

I have taken the first warm-up schedule and added in those that sent me a warm-up assignment request after the published deadline. I used the Hy-Tek Team/Athlete Report for the meet as to the numbers that each team actually has entered in the meet. I then balanced out the numbers for both the first and second warm-up sessions based on the requests I have received. There are still 183 swimmers that are entered in the meet whose clubs have never responded to the warm-up assignment request.
